Good afternoon Bob,

Thanks for your voice message earlier; I was in a meeting. Just a quick note to acknowledge that we did receive Alon's aquifer exemption submittal last week and EPA is beginning the review process. I checked with the Regional Board and they had not received a copy so I've just sent a copy of the CD down to the Central Valley office. I can certainly set up a call with you if you'd like, but at this time we don't really have any questions; so perhaps it would be better to hold off a few weeks.

Sincerely,

Michele

I will be travelling – going to the RWQCB, Central Valley in Fresno to review files, but can call you while I am on the road. What time would be good for you?

Hello Bob,

I picked up your message. Let's schedule a call for this – are you available tomorrow morning?
